
Team
experiences
your company
will **actually**
remember.

Custom offsite experiences
in Cancun & Las Vegas

What *this is*

This isn't a typical team-building event.

- Designed around your team — not a template
 - Everyone participates in a way that fits them
 - Built to work with real schedules
 - Can include both remote and in-person participation
-

We don't run activities.
We design experiences.

How it *Works*

How the experience comes together

Company-wide
challenge

Remote or
hybrid engagement

Finalist group
selected

Destination offsite
(Cancun or Las Vegas)

Structure adapts to your team,
not the other way around.

Experience *Feel*

Challenge

Solve together. Build momentum.

Connect

Real conversations. Real connection.

Celebrate

Recognize wins. Make it memorable.

A sample *moment*

Teams receive a clue tied to the local environment and must work together to unlock the next stage.

Some lead. Some observe.
Some connect the dots.

The goal isn't speed — it's
how the team works together.

DESTINATIONS

Built around the environment.

Cancun,
Mexico

- Inspiring setting
- Movement • Hospitality

Las Vegas,
Nevada

- Energy • Access
- Unforgettable moments

Every experience is designed around
the location — *not dropped into it.*

Investment

A mixed-format experience can start under **\$30,000**, engaging up to 100 team members and bringing up to 24 finalists to the destination offsite.

NO MATTER HOW SMALL, LARGE,
OR COMPLEX, EXPERIENCES ARE BASED ON:

- Team size
- Cancun or Las Vegas
- Travel & lodging
- Event length
- Experience design
- Photo / video / media needs

Start with *a conversation*

We'll understand your team, goals,
and what a strong direction could look like.

If there's a fit, the next step is a
custom experience design preview.
